Lasting Ways to Benefit Our Community

You can give to an existing Fund or establish an endowment Fund that is customized to achieve just about any charitable purpose. Only a portion of the earnings from your endowment is used for grants, so your fund and your charitable legacy lasts forever.

Unrestricted Gift for Shelby County (any amount)

A gift to the Shelby County Partnership Grants Fund is the most responsive option, with a the earnings of the endowment used for grants to respond to changing community needs. Grants are determined by the SCCF Advisory Board.

Donor Advised Fund (\$25,000 minimum)

This should be considered if you and your family would like to advise on your fund by recommending specific grant distributions.

Scholarship Fund (\$50,000 minimum)

This can be established for a general scholarship, a specific school, or field of study.

Designated Fund (\$25,000 minimum)

Specifies one or more charitable organizations to receive a portion of the earnings from your fund.

Field of Interest Fund (\$25,000 minimum)

Earnings from this fund support a broad area you choose, such as health care, homelessness, the arts, environment, education, etc.

**There are many simple and convenient ways to give to the
Shelby County Community Foundation:**

Cash Gift

This is the simplest and often most convenient way to give.

Securities Gift

Donations of appreciated stocks and bonds often offer a tax advantage. Additionally, gifts of closely held stock can be a tax-wise way to transfer ownership to others.

Bequests

You can make a gift by bequest under a will so that you achieve a lasting charitable purpose and reduce estate taxes.

Real Estate

Gifts of appreciated real estate have many advantages. You could, for example, retain the right to live in a residence, but contribute the remainder interest to the Community Foundation for income and estate tax advantages.

Deferred Giving

Gifts can be made that give you and a loved one payment for life, like charitable gift annuities and charitable remainder funds.

What is the Shelby County Community Foundation?

The Shelby County Community Foundation (SCCF) is an affiliate foundation of The Community Foundation of Louisville (CFL), a tax-exempt public charity that administers charitable funds created by Kentucky residents, businesses, and organizations for the betterment of their communities. SCCF was organized in 1995 to provide the services of a community foundation to local residents and to begin building a collective charitable endowment for Shelby County.

The Shelby County Community Foundation oversees several charitable funds managed by CFL. Income from funds placed under our supervision by CFL is distributed in accordance with the criteria established by the fund creators.

Our mission also involves the encouragement of civic-minded Shelby County residents to add to our collective endowment by creating funds that support their charitable interests. You may open a charitable giving account to simplify your current giving with a gift of any amount. A permanently endowed fund may be created with a gift of \$25,000 or more. The fund may be established by a lump sum, periodic gifts to build the fund, or a bequest through a will. Donors may also create funds that pay income to them for life and later provide for the future of a favorite charity and the community.

We are fortunate to be an affiliate of CFL, which possesses the administrative, financial and legal expertise to manage its significant holdings of \$800+ million. By investing your funds with the total assets of CFL, you can maximize your gift's impact because it is included in a larger investment pool. Because the administrative costs are shared with other donors, you free up more of your dollars for charitable giving in Shelby County.

To make a difference in Shelby County now and after your lifetime, I encourage you to consider the variety of services that are available to everyone through the Shelby County Community Foundation / Community Foundation of Louisville.

Howard Griffith,
SCCF Advisory Board Chair
